This stainless steel bowl, with its splayed skirt, owes its name to its round base. Its half-spherical form allows for the preparation to be well aerated during mixing, which is performed with downward movements. Inseparable from its whisk, the cul-de-poule is the ideal utensil for easily and rapidly making floating islands or emulsions.

- Professional stainless steel - Robust and undistortable
- Gloss polished outside & satin polished inside
- Hemispherical for a good ventilation of the preparation during mixing
- Open rim for perfect hygiene
- Rolled rim for handling without injury
